

CNC Operator

- Do you enjoy working with your hands to build things?
- Are you mechanically inclined and love to stay busy?
- Are you looking to expand and grow your career?

If so, Magnum may be the place for you. We are looking for CNC Operators to join our growing team. You will be working with a team of amazing people in our Truck Accessories division. Come kick-start your career with us today!

Things you will do:

- Set up the machine and ensure that is running at full capacity
- Determine and run the appropriate program for each job; make adjustments as needed to ensure quality of the finished product.
- Load and unload the machine
- Check and measure parts
- Change machine tooling when required

What you have:

- 1+ year(s) experience operating similar machinery in a manufacturing environment
- Ability to work independently with limited supervision
- Strong mechanical aptitude with ability to read product drawings
- Strong communication skills (verbal and written) with fluency in English and ability to following written & verbal instructions
- Basic knowledge of Microsoft Suite

Who are you?

- You are a team player who shares in our core values
- You always put safety first for yourself and your co-workers
- You show up each day with a positive attitude & outlook
- You are mechanically inclined and are committed to producing top notch quality
- You are organized and stay on track to get the job done right and on time
- You can communicate and write in the English language
- You are able to lift up to 50lbs & perform the physical requirements of the role

What's in it for you?

- Competitive pay that rewards you fairly for the work that you do
- A condensed work week that gives you more time off to chase your hobbies and spend time with family & friends
- Shift premiums & opportunities to generate overtime earnings when available
- Extended Health Care Benefits for you and your immediate family to enjoy
- A fun work environment with good people who enjoy what they do
- Leadership who cares and puts your safety at the forefront daily

Precautionary measures have been implemented to protect the health of our employees. This includes daily health screening, increased sanitization, social distancing, and restrictions on guests and visitors permitted on site.
